

Let our Judicial, Legislative and Executive
branches of government be firm in the right, as
God has given them ^{and as} to see the right.

God, not church or any creed is above any
nationality whether Jewish, Roman, Mohammedan,
Muslim, Confucian, Rosicrucian, Deist etc.

In our land of freedom, our nationality
is the idealism of individual freedom, for which
our Forefathers so bitterly and so courageously sacri-
ficed and fought, must be forever above any creeds,
and the Commandments of God and the Bechitudes of
Christ must forever be respected by the laws of our
land whether practiced, obeyed or loved by her citizens
or not.

In his time, Thomas Paine, a modern Fore-
fathers, wrote scrolls or pamphlets in "Common Sense",
the "Rights of Man" and the "Age of Reason", which made
the birth of this "New Great Nation" possible. Can
they ever be burned, destroyed, neglected or forgotten?

How grateful are we for them in this present
"Age of Reason and Enlightenment".

Shall we now instead permit our land
to be flooded with enormous statues of the Virgin Mary
to be seen for miles? Or shall we rather refresh
our memory and rededicate ourselves to and brighten
the light of the Lady with a lamp which stands in the great
history of a Great Land (of Liberty).

Samuel Longfellow.

Evidence is what is needed in all decisions.

Allen W. Dulles
Director of C. I. A.
Washington, D. C.

Shall God's law of

freedom or man made organizations
rule the world?

Dear Mr. Dulles,

You are so very right, the Soviet tide shows
(inevitable) signs of slackening" which your noble brother
John Foster Dulles, so ably, so faithfully, so devotedly and
so courageously helped to stem; but, as this water has
seem and slacked for many years, there is another
tide swelling up, not only in Europe, which urgently
needs slackening and another unity besides the
United Nations, that urgently needs to be renewed,
renewed and strengthened. if our "Four Freedoms" are to
survive.

For many years this water has seeped
and pondered for the ways and means to enhance,
preserve, defend (if need be), cement and glorify
our national unity!

As Director of the Central Intelligence Agency,
this letter is addressed to you.

Intelligence is what we want, God gave it
to us, are we using it aright?

Freedom is what we want, God gave it
to us, (in the U.S.) are we properly safeguarding it?

Unity is what we want and need, on
what basis can it be justly obtained and maintained?

As we have needed and have been blessed
with a beautiful symbol of liberty (which we neither
doubt, nor have we from down to, but devoutly cherish
and believe in), so to-day we need a symbol of faith
and unity under One God to protect individual free-
dom and all man's God given human rights which
we now possess in this 'Great Nation' with its Great
Constitution.

Years ago this writer wrote you brother regard-
ing such a uniting theme a symbol in the U.S.A., the
need for which is becoming more and more apparent if
our character a nationalism is not to be strangled out
or superseded by Communism or Stalinist dictated
superiority as Father Paulsson so clearly states (see
file enclosed) quote: "The spirit of (Roman) Catholics
is much stronger than the national spirit". What
a challenge to us, the U.S.A., and what a disgrace to
us, if we do not meet and defeat it!

Freedom of Faith Brought in Throes (see
file) Those freedom?, that of Protestants, Jews,
Moslems, Hindus, Buddhists and others?

In the face of the Russian's sacred mission
from above "thatsoever ye would that men would
do to you, or ye even so to them" Matthew 7:12. Is
it not hypocrisy to instil fear and demand what
we ourselves refuse to give?

Are Protestants completely free in Spain or
Italy or in any Catholic dominated countries?

Are our minorities and is Latin free from
Latin Union compulsion?

Do we love the United States? Do we honor, understand and appreciate what she stands for?

Do we strictly and faithfully teach what this means in our Public Schools?

Do we properly guard and fearlessly defend these bulwarks against needful encroachments?

Did Almighty God, in His great mercy, give us the United States, or must we thank Rome for them?

What or what makes and where is our "World Unity or Solidarity Congress"? (see article)

Yes, all thinkers will agree, a new world is in the making and it will be one world (see article), but there is nothing "mystical" about this one world.

What we need to day, is another Jeremiah or the powerful pen of a Thomas Paine to expose anew the evils still lurking, designed to corrupt, confuse, and control the mind of man.

What is our unifying theme (see article)? seemingly so lacking at the United States Fair in Moscow.

Are we still so ignorant of the power of a misapprehension of our human and divine rights, that we become apathetic, lethargic comrades?

When we will have stemmed the tide of a gotten rid of an already overdeveloped enslaving spirit of Communism, which does not look to any priesthood for happiness or to any God for a code of ethics, will we have to stem once again a spirit of overdeveloped enslaving overambitions,

dominating priesthood, which we would never
 have in all history, until we learn and know
 that ^{unto God} ~~that~~ Christ we are all made "kings and priests"
 Revelation.

The only freedom Communism wants is to
 control the whole world, we know that!

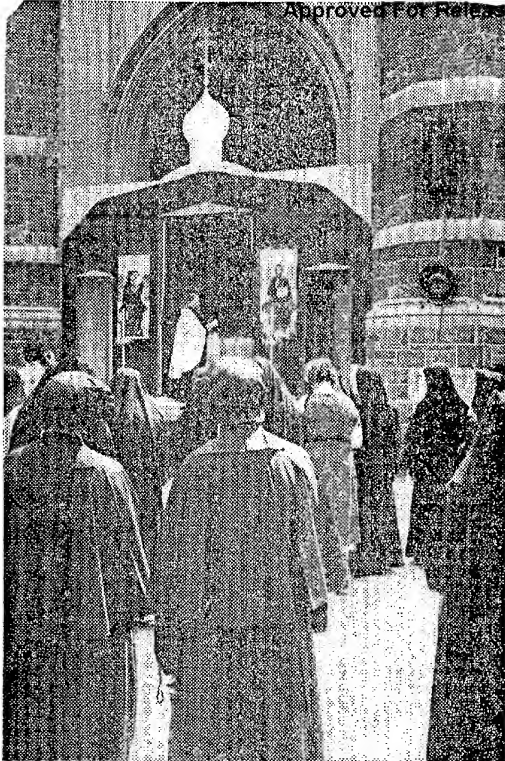

The only freedom Romanism wants is to
 control the whole world, do we see, hear and read
 that as clearly also?

If there are any golden calves or idols
 of any sort in our national minds or hearts, let
 us get rid of them and not merely break the
 1st & 2nd Commandments of God, if we look to
 the Kingdom of God, election and propitiation. Also,
 call no man your father upon earth" and "there
 is none good but One, that is God," Matthew 19:17.

Regarding his mission and teaching, the
 Master said to his earthly mother "Woman what
 I have said thee" John 2:4 and ^{about} ~~to~~ he is dis-
 cussing he said: "heard my mother and my
 brethren for whatsoever shall be the will of my
 Father which is in heaven, the same is my mother
 and sister and brother." Matthew 12:44, 50.

Long before the advent of Jesus (the Messiah),
 Isaiah wrote 42:8. "I am the Lord, that is my
 name: And my glory will I not give to another,
 neither my praise to carved images."

What a motto this to be added to our
 creed. "In God we trust"!

FREEDOM OF FAITH BESOUGHT IN MASS

Byzantine Rite at Fordham
Offers Supplication for
Worship in Red Lands

By GEORGE DUGAN

The ninth annual Byzantine Mass for Freedom of Religion in Russia, and other Communist-Dominated Countries was celebrated yesterday on the Bronx campus of Fordham University.

The Rev. Peter Leoni, a Jesuit priest who spent ten years in a Soviet prison camp, was the celebrant.

Sung in Old Slavonic by an a cappella choir, the mass followed the ancient Slavo-Byzantine rite, common to more than 100,000,000 worshippers in Eastern Europe and the Middle East.

The freedom of religion mass is sponsored each year by the Institute of Contemporary Russian Studies and the Russian Center of the university.

Father Leoni was released from a prison camp in Vorkuta in Northern Russia in 1955. Next month he will join the faculty of a school for Russian children in Santos, Brazil.

The sermon at the mass was preached by the Rev. John H. Ryder of the Fordham Russian Center.

Protestant Pavilion Fund
The committee of 100 Protestant church leaders in this country is trying to raise \$90,000 to move to a permanent location the Protestant Pavilion at the 1958 Brussels World's Fair.

The relocated edifice, according to present plans, would serve as an International Christian Fellowship Center for visitors to Europe as well as a conference and training place for missionaries and young church workers.

The committee is headed by Mrs. Theodore O. Wedel of Washington, past president of United Church Women, and Charles C. Parlin of New York, a prominent Methodist layman. Committee headquarters are in Washington.

World Unity Held Catholic Goal By Leader of Sodality Congress

Roman Catholic lay leaders have a task in developing a world government far stronger than any federation that has existed in the past, the International Director of the Secretariat of World Solidarities said yesterday.

The director, the Rev. Louis Paulussen, arrived in the United States from Rome last Sunday to supervise preparations for the Second World Congress of Solidarities of Our Lady. The meeting will be held at Seton Hall University, South Orange, N. J., Aug. 20-23.

One practical result of the congress, he said, at a news

interview here, should be strengthening of the supra-national-minded spirit among Catholics.

"The spirit of Catholics is much stronger than the national spirit," Father Paulussen said.

"A new world is in the making, and it will be one world. The church concept of the Mystical Body of Christ is the ideal of world federation."

Indirectly, he said, the solidarities, which are local organizations of 8,000,000 lay leaders over the world, back world government by making alive Catholics a feeling for world federation.
